EXPERIENCE

UX Designer

Rokk3r, New York, NY

Apr 2022 - Present

- Designed user interfaces and flows for e-commerce (WAO! Shop) and marketing solutions (GraphPath).
- Researched and analyzed end-user behavior across international segments.
- Lead internal design reviews using slideshows, mockups, and prototypes.
- Iterated UX/UI user flows to meet strategic product goals for new features.
- Created wireframes for collaboration sessions with product and engineering teams.
- Conducted user-testing sessions to validate UX assumptions.

UX Designer

Emdash, New York, NY

Oct 2020 - May 2022

- Managed the internal design system and component library for the Emdash brand.
- Created wireframes for SaaS clients in the CloudOps space.
- Built mockups based on product and marketing stakeholder requirement criteria.
- Conducted design revision sessions with client stakeholders.
- Trained client stakeholders on how to use and comment within Figma.

Interior Designer

Cuisines Modena, Montreal, QC

Aug 2018 - Feb 2021

- Managed YUL condominium project (phase 2) and Drummond condominium project (phase 2). Worked with residential clients to produce design plans.
- Drafted 2D plans for kitchens, bathrooms, and furnishings in AutoCad.
- Rendered 3D designs in Metron from approved design specs.
- Drafted pricing documents for requested materials.
- Collaborated with on-site construction coordinator via Procore to incorporate plan changes, billing, and finalize all details.
- Followed up residential clients to iterate designs based on their needs and budget.
- Sent construction orders to Scavolini for creation and delivery.
